delay may cost the ship her charter, as the result of a material change in the wheat market, since the charter was made.

ANTI-PASS LITIGATION.

Experiment Being Tried in East Is Being Watched in West.

Chicago, Dec. 7.—The anti-pass agitation which has started with the Pennsylvania road in the East, has not extended to the Western railroads. No road in the West is considering the advisability of cutting off all free transportation and it is not likely that any will do so soon.

It was stated generally yesterday that no such action could be taken by one road in any competitive territory and that such a move could be successful only through concerted action.

The pass attitude of Western roads is shown in the anti-pass agreement which has been entered into among all Western roads for 1906. They bind themselves not to issue free transportation to influence traffic, but individual lines are left free to deal with the political situation they see fit.

SECOND DAY MEET

Large Attendance at the Sunday School Convention.

ANNIVERSARY CELEBRATED

Excellent Musical Program Presented at the Evangelical Lutheran Church as the Closing Part of the Celebration of the Twenty-Fifth Anniversary.

The second day's convention of the Sunday school people of the city brought out good crowds to hear the various speakers. The chief feature of the day was the decision that there would be a convention held each year and that the county would be efficiently organized for better work.

Another feature of the convention was the display of the musical talent. Astoria has been much behind the times in the development of this faculty. The orchestra composed of quite a number of the young people did themselves great credit and their music was much appreciated.

Dr. Holt was a missionary to China for a number of years. He knows something about the Chinese language and favored the convention with a Chinese song. His addresses were of great benefit to the people.

Rev. J. P. Condon, state evangelist of the Christian church, has been present and contributed to the success of the convention. He will give his whole time to the work of organizing the forces of the state.

The convention closed last night with an able address on "Organized to Win" by Dr. Merritt. The presence of this man who has given so many years to the work was an inspiration to the various Sunday schools of our city. He is a strong speaker and the work that he has done will be of great benefit in the future.

MUSICAL CONCERT

Celebration of Anniversary of Lutheran Church Brought to Close.

The celebration in honor of the twenty-fifth anniversary of the founding of the Evangelical Lutheran church was brought to a propitious close last evening by a grand concert of music. A large attendance greeted the presentation and all the numbers were exceptionally well received, repeated encores being given.

The selections of last evening were the high classics of world's famous composers, rendered by one whose professional ability is so openly admitted. Prof. Goodrich holds his audience with the most intense interest from the beginning to end of his recital, and no matter how long, it seems as though there is always room for more.

Miss Maja Fredericksen, the violinist of this city, assisted in the program with a couple of selections which were highly applauded. The church choir sang two numbers.

Prof. Goodrich was evidently the star attraction of the evening. His reception was hearty from the public and his admirers express their desire that they soon will have him for another recital. Prof. Goodrich leaves this morning for Portland.

Clad in jersey, light bicycle trousers and low shoes, he started at 11 o'clock last night on his long cold trip with the hope of reaching the safe across Michigan avenue at Adams street before 2 o'clock this afternoon and establish a record for the distance of 15 hours.

Starting with his is Joseph Replate, one of Corey's friends. President Wilmer Sieg of the Milwaukee Athletic club and President Walter H. Lignier of the central association of Amateur Athletic Union accompanied the runners in an automobile.

With them was one of the club's physicians and a masseur who proposed to give the runners a rubbing down at Kenosha. Corey holds the French record for the 12-hour walk during which time he covered 63 miles.

MAURICE GRAU, ILL.

Noted Theatre Manager Seriously Ill in Paris.

New York, Dec. 7.—Maurice, Grau, the impresario, and former manager of the Metropolitan Opera Company, according to a private cable received in this city yesterday, is seriously ill at his home in Paris. When Mr. Grau gave up his management of opera two years ago to be succeeded by Heinrich Conried, he was completely broken in health and went abroad to recuperate. He has never returned. After a year of complete rest, for the greater part of the time in the South of France, his health was greatly improved. Then with his wife and daughter he took up his residence in Paris. Nearly two months ago his health began to fail again and since the last of October he has been steadily losing ground. His trouble is an affection of the heart.

Indigestion, constipation, dyspepsia, kidney and liver disorders and all stomach troubles positively cured by using Hollister's Rocky Mountain Tea. 35 cents. Tea or Tablets. Sold and recommended by Frank Hart.

MOTHER'S FAREWELL

Mrs. Mitchell Surrenders Children To Protective Organizations.

WEEPS BITTERLY AT FATE

But When She Comes to See that Separation, Though Painful to Her Will Be for Betterment of Her Children, She Takes Kissler to Situation.

Crying softly over her seeming misfortune, Mrs. E. L. Mitchell of Knappa, appeared before Judge Trenchard in the probate court yesterday, and heard the words that separated her from her eight young children, six of whom were committed to the Boys' and Girls' Aid Society at Portland, and the two youngest to the Babies Home. After the order of commitment they were taken in charge by Superintendent Gardner and an assistant, and taken to Portland on the train last night.

Mrs. Mitchell is the wife of E. L. Mitchell, who was arrested for wife-beating some time ago, and who has failed to provide for the wants of his family for several months. When action was taken toward having the little ones placed in an institution where they might receive proper treatment and care, it seemed to her that the final chapter in a career of misfortune had come, and she bitterly rebelled. Several years ago she was left a widow by the death of her first husband, Oscar Johnson, with three young children to support.

Then she married again and became Mrs. E. L. Mitchell, and five more infants were brought into the world. Not only failing to properly support and care for his wife and little ones, the husband heaped even worse indignities upon them, by a series of harsh and cruel treatment. They were subjected to the bitterest of hardships, and the matter was brought to the attention of the court a few days ago. The indignities and the case was carefully considered. It was decided that the mother, willing as she was, was unable to care for the little ones and properly feed and warm. It was agreed they be sent to a protecting institution.

Though resenting, at first, any interference in her brood, Mrs. Mitchell took kinder to the situation, when she came to see that the change would be for the betterment of her children. Choking the mother's love she forced herself to accept a condition which she thought would better those whom she loved.

The mother and children were brought in from Knappa yesterday, and they attracted much attention, on the street and in the court room. Sheriff Liville had them in charge, and carrying one tiny infant in his arms, with the mother with a second tot huddled to her breast, at his side, and a crowd of youngsters fairly swarming in every direction, the big guardian of the law presented an interesting spectacle.

Remarkable Cure. "I was afflicted with sciatica," writes Ed. C. Nud, Iowaville, Sedgwick Co., Kan., going about on crutches and suffering a deal of pain. I was induced to try Ballard's Snow Liniment, which relieved me. I used three 50c bottles. It is the greatest liniment I ever used; have recommended it to a number of persons; all express themselves as being benefited by it. I now walk without crutches, able to perform a great deal of light labor on the farm." 25c, 50c and \$1.00. Sold by Hart's drug store.
